

As a resident of this local community K-LOVE serves my family 24/7 with wholesome, uplifting, trustworthy, family programming. The effect on our local community in the event that K-LOVE is displaced by an LPFM would be terrible. In our area there is only one other wholesome station available however it does not fill the "all music" need that K-LOVE does. The service provided by K-LOVE is in the public interest because of their unique ability to reach the Christian people group across this nation and because of the many people in dire straits that come across K-LOVE that are ministered to by this station. K-LOVE is an important part of the Christian culture across the U.S. If it were to be taken off air many people, including my family would become more isolated and a key tool would be missing from our hands that has proved useful in reaching hurting people with hope. Please don't displace K-LOVE and such programming with LPFM's! Please!
